# OUR MOBILE DISCOS

GREAT MUSIC FOR A GREAT DAY

We would be delighted to provide you with one of our fabulous Mobile Discos complete with a Professional DJ.

We supply all sizes of show from our premium quality Mobile Discos, right up to a complete Mobile Nightclub with overhead rigging.

We only use the Highest Quality Sound Equipment to provide Background music for Dinner at a subtle volume, but then louder with clarity for Evening Dancing.

Our Mobile Discos are fully complimented by LED Lighting using both Fixed Effects & Moving Heads accompanied by a White Starclothed DJ Booth.

All of our Disc Jockeys have many years of experience in Clubs and at Weddings at creating the right mood, music is played either through Professional CD Decks or through suitable Laptop Software.

All our Disc Jockeys are smartly dressed in either Black Tie or Shirt & Waistcoat in accordance with the Bride & Grooms wishes

Playlists are always welcome, and our Disc Jockeys generally carry in excess of 30000 songs or more in order to cater for all ages & tastes.

The addition of one of our fabulous Starlit Dancefloors transforms any Venue and enhances any Wedding.

We use the very latest in LED Technology to provide you with a Stunning White or Black Starlit Dancefloor in any size.

Starting from a simple 10' x 10' Floor which will be suitable for Smaller Weddings right up to a 32' x 24' Dancefloor which would easily hold 180 people on the floor at any one time.

In addition to this we can add a stunning Transfer detailing either your Names, Initials, Wedding Date or Logo in Black or Gold.

We can of course also provide the Traditional Wooden Parquet Dancefloors and a fabulous Black & White Chessboard look floor.

For your First Dance perhaps consider Dancing on Clouds, a fabulous Dry Ice generated effect that makes the First Dance that extra bit special.

BRIGHTEN YOUR DAY

# OUR LIGHTING

The use of Lighting changes the feel of a venue, transforms a function room and sometimes affects the entire look of the event.

We use the very latest in LED Lighting Technology to create an ambience, set a mood and compliment your chosen colour scheme.

Whether it be the Colour Washing of Walls with a LED 1 metre Bars or perhaps the emphasising of columns with LED Uplighters.

We can also highlight certain Features outside the Venue with Architectural IP Rated Uplighters or create a dramatic Warm White Festoon Light Canopy or Walkway.

Our Lighting Technicians can project various images across the Floor, Wall and Ceilings to compliment your Wedding.

Shiny Mirrorballs are back in Fashion and we have Large 50cm ones in Silver and Gold.

For something more dramatic and particularly favoured at Weddings, is a White Cloth LED Backdrop which is simply stunning behind the Top Table.

Live Music at a Wedding is always a very desirable form of entertainment and a good Function Band is highly sought after with some often having full diaries in excess of 18 months ahead.

Many agree there is nothing like a great band at a Wedding and we would concur, but you could always add one of our Discos to compliment and complete the night.

The Bands vary in size from a 4 piece right up to a 12-piece ensemble with a Brass section. Their repertoire is extensive to say the least with many bands covering music from the 1950's to the Present Day.

Bands are often requested to perform the traditional First Dance and with notice, they will learn the chosen song for just that.

We advise that when looking to book a band, that this should be done at least 12 months prior to your Big Day to ensure availability.

Music & Video samples can be Viewed on our YouTube Channel.

Depending on the Band you choose, they will perform 3 x 40 minute sets on average with intervals.

They will play Music from an iPad during the breaks or you can add one of our Discotheques allowing the option of each performing 45 minute sets during the evening.

HARMONY THROUGH MUSIC

# OUR CLASSICAL ARTISTES

Classical Performers are always a welcome sight at Weddings.

We can provide all manner of Classical Artistes ranging from a Delightful Solo Harpist through to an entire String Orchestra.

The most requested are the ever popular traditional String Quartets.

The repertoire of these performers is practically endless with everything available from Bach to Beyonce and Mozart to Madonna!

Many of the ensemble's use traditional wooden instruments, whilst others elect for the amplified, almost futuristic style of instrument.

Whatever the choice, the result is a joyous one and perfect for practically any event, but especially Weddings.

However, Solo Harpists, Violinists, Classical Guitarists and Pianists certainly have their place and are great when space is at a premium.

We can also provide Sopranos and Tenors to create those dramatic moments for perhaps a Wedding Ceremony or Wedding Breakfast.

MAKING A DIFFERENCE

# OUR ENTERTAINERS

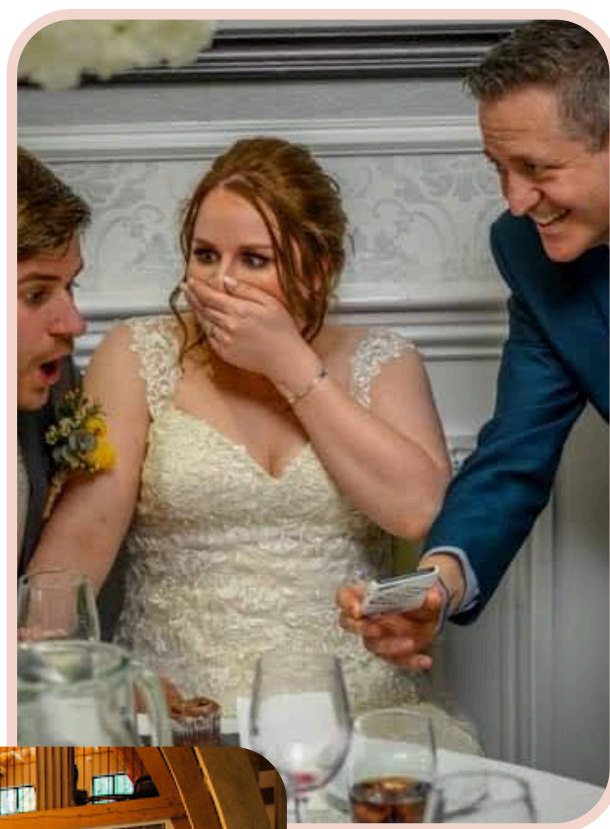

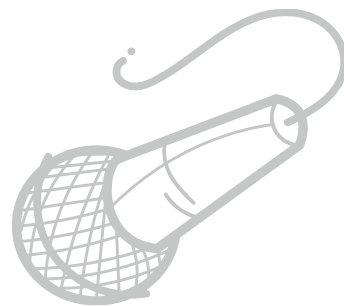

We have an amazing variety of Artistes & Entertainers that can make a real difference at your Wedding and ensure that it is the One Wedding that will be talked about for years to come.

Choose one of our fabulous Close-Up Magician's to mix & mingle during the Wedding Breakfast or our Caricaturist who will leave guests with a lasting memento of the day.

We can provide many Speciality Acts for your Wedding such as Court Jesters for a Medieval Themed Wedding to Costumed Characters for an Alice in Wonderland Wedding.

Enjoy a Sax Player alongside your DJ, a Singer for your Wedding Ceremony & First Dance, perhaps a Duo playing during the Wedding Breakfast.

Surprise your Guests with our amazing Singing Waiters who burst into song without notice, encouraging all those present to join in.

SOME USEFUL ADVICE

# WEDDING DAY TOP TEN TIPS

When sending out your Invitations, perhaps ask Guests what Songs make them dance and when the RSVP, use that information to help you compile your Playlist for your Band or DJ

Create your own Wedding Hashtag # by using your names or surname such as #jacksonwedding and when your guests upload images to social media, they can all Tag you in their photos of your Wedding Day

Be sure to take your Bouquet out of the Vase an hour or so before the Ceremony so the stems can dry out a little and it doesn't wet the front of your Dress

Be sure to hold the Bouquet at the lowest point on your Body or it will look rubbish, so just remember it's Hips NOT Tits 😊

Treat yourself to an Expensive New Perfume for Your Wedding as it's a great way to capture the day's memories. Everytime you wear or smell the Fragrance afterwards it will take you instantly back to that Special Day

Get your Engagement Ring professionally cleaned a week or two before your Wedding Day. Move your Engagement Ring to the other hand at least 2 hours before your Ceremony

Be ready 1 hour before your Wedding Ceremony... do not leave it until the last minute

Take just a moment when sat at your Top Table to simply observe your Family & Friends. It might just be your favourite part of the day

Facts show that your Guests remember two things the most from Weddings which are the Food and the Music. Send them home with Good Everlasting Memories

It's Your Wedding, not theirs... Be kind, but don't try to please everyone... you never will

HANDLE THE DAY WITH EASE

# WEDDING DAY TIPS FOR A NERVOUS BRIDE

## **Take a deep breath and try to stay calm**

It's natural to feel anxious on your Wedding Day, but try to focus on the love and excitement of the occasion rather than any potential mishaps

## **Delegate tasks to trusted friends and family members**

You don't have to handle everything yourself. Ask for help with tasks like Coordinating with your Suppliers or Installing Décor and Props

## **Set yourself timelines, stick to them and allow yourself Breaks**

Having a clear plan can help alleviate anxiety by giving you a sense of control. It is your Day so do what works best for you. Allow plenty of time to get dressed and get ready, allow time to travel to the ceremony, Take breaks when needed throughout the day in order to recharge your batteries

## **Get a good night's sleep the night before**

Make sure you are well rested and relaxed on the day of your Wedding

## **Eat something before the ceremony**

A hungry stomach can often contribute to feelings of stress and anxiety

## **Try to let go of perfection**

Yes, it is important to have high standards for your Wedding, but it's also important to remember that things may not go perfectly. Use Great Suppliers then you can focus on enjoying the day

## **Practice some relaxation techniques**

Take a few deep breaths, some stretching exercises, or try some meditation to help you stay calm

## **Surround yourself with positive people**

Be sure that you have a supportive bridal party and surround yourself with friends & family who are excited for you and will help keep your spirits up

## **Remember that your Wedding Day is just one day**

While it's one of the most important days of your life, try not to get too caught up in the details... you have the rest of your Married Life to look forward too

PRAISE FOR OUR WORK

# A FEW NICE WORDS & A FEW NICE AWARDS...

We hired Roar Events for our wedding in Portsmouth, and I honestly can't recommend them enough. I came across Steve through a combination of venue recommendations, some online digging, and great reviews—and after one meeting, I knew he was someone I could trust.

Roar Events has a lot to offer, but what really stood out was Steve's warm, down-to-earth approach. He took the time to understand our vision, respected our budget and never made us feel pressured into spending more than we were comfortable with. He was always transparent about pricing, and the value we got in return was exceptional.

We booked Steve for styling, lighting, and a gorgeous LED dancefloor, and he delivered beautifully on every front. He helped transform an amazing space into something even more elegant, welcoming, and fun—exactly the atmosphere we were hoping for. He also worked seamlessly with our other vendors, which was so important in keeping the flow of the day smooth and stress-free. You can tell he genuinely cares about how everything fits together and wants the couple to feel relaxed and looked after.

Nothing ever felt like too much trouble—Steve was always responsive and full of great suggestions, while also being open to our ideas. He helped bring to life a scene I'd only ever had in my mind, and I'm really grateful for that. In the lead-up to the wedding, his calm energy and encouraging words were genuinely reassuring. Honestly, I've said to more than one person that he should consider setting up a sideline in wedding therapy!

Steve is a truly talented and creative individual, and just an all-round lovely person to work with. Like all of the incredible vendors who helped bring our day together, I sincerely wish him every success—he really deserves it.

If you're planning a wedding or event and want someone who will listen, collaborate, and deliver with style and heart, get in touch with Roar Events. You'll be glad you did.

What an incredible experience we had with Steve! From start to finish, he did a marvellous job, accommodated all our Music Requests and brought the Party to Life.

The communication throughout was excellent, he listened carefully to our preferences, and each song choice resonated with us and our guests.

Lots of good vibes on our wedding day, many thanks!
